SPORTS MEETING FRIDAY

This is to be the final opportunity for all councils entered in the basketball league to enter their players and pay the entry fee. Councils failing in representation at this meeting will be dropped automatically from the league. It is imperative that every council be represented for this is the general sports meeting of the month. The date is Nov. 6th and the time of meeting will be 8:30 P. M. standard time at Providence. West Side, Brighton, West Pulman, Town of Lake, Providence, and Cicero failed to be represented last time. The officers cannot dilly-dally with councils that do not know what is going on.

"K OF L PALAVER."

By "Bee" V. Ramančionis.

Some unseen power ignited the 'whole works' of our rusty machine, so that a tremendous upheaval of activity in the K of L's has begun. Yes, pauper public, even in spite of old man depression with the characteristic scythed, failed to subdue the adolescent vitality of us "moderns". 'Bravo' with a couple of extra "salvas". Now, a "break", holding socials, meetings and other lucid intervals, we have reached an enviable position in the ranks of "go getters". Don't we deserve a 'pat on the back' for our efforts? What do you think A. Lapinskas, K. Savickas, J. Juozaitis, Paul Saliner, J. Wallace, J. Masiunas,

A. Manstavičius, and other conscious public? Don't shout all at once, "boys", the reverberation might give me a pain in the head! But, it's true, my story, and I dare on opposite view!

Some "Miss" asked me to announce the probable "middle-aisling", of a certain couple. But it's still in the 'offing' and we must do right by our "Nell", we'll wait for the fatal proposal of our feeble Don Juan.

It amuses me to think what our dear friend, Al. Manstavičius is experiencing these days and nights. Maybe an asbestos wrapper would suit "Al" admirably, if I judge his temperament correctly. Way out in Brighton, (some still say within the bounds of civilization), the K of L chapter is anticipating a favorable alteration. After the parish has the mortgage, driving the lone wolf from the door, the K of L's will be permitted to use the Parish Hall "gratis", all right, this was a rumor anyway, and you can't convict a person on circumstantial evidence, maybe! If there is anything that surprises me more, it is Cicero's determination to get back into the fold. That is, they intend to "go places and do things" Cicero means to me is a myth, I have no interest, but the eagerness with which the attempt is made puzzles me. Does Cicero feel its grasp slipping on the "ladder" of Sports? Oh, that's right, I heard Town of Lake council is in the Basketball League this year. An "Apologia" to Cicero, if I appeared rude and not erudite.

Persons I have not heard from: A. Lapinskas, Al. Man-

stavičius, Paul Saliner, S. Ališauskaitė, J. C. Swilpa, J. Makaras (if any!), J. Wallace and oh, not many myriads of others. Don't tell me all your hard luck stories but news, news and more news.

Well, here's an indirect response, intimated to your correspondent by a friend. It seems or rather presents an appearance suggestive of subtle criticism. Now that is what I crave! The line runneth thus: that this so-called columnist strays from the 'sublime to the ridiculous' and is filthily with slang expressions. First of all, this unexpected allusion to sublime things flatters me, how you take it. This critique submitted by an English instructress, probably thinks our Lithuanian youth is not high-minded enough. Let me assure this objectionable artist, that this column is not conducted for so-called "intellectuals". Kindly reserve your philosophical evolutions in the school room, because in that sphere alone, they may be heeded and perhaps tolerated. Would suggest that party real: Walter Winchell, Mark Hellinger, Damon Runyan, Al. Bromley and others, who in the insertion of apparently inane articles are reaping harvests of notoriety, because of especial appeal to "moderns". Oh, I certainly would love to vie with this individual in a college classroom, amidst the propriety and adherence to ethical requirements, in a course of Journalism. But this is my own little battle, and dear readers, this is certainly boring you. A thousand excuses! From another reader comes this: "Do you think the K of L's continue to prosper, in spite of the lack of ideals"? Now this is a serious reflection and rather vague. But one thing is certain, and that there are

enough ideals to practise, to make it more than a mere social organ. I think that question can be answered more satisfactorily by the president of the K of L's.

I think the majority of you are waiting for the start of the Basket Ball season. There is something to look forward to: new friends, acquaintances, a display of sportsmanship, possibly with a college atmosphere - "regular yells", cheers and the well-known "raspberries". Then there is dancing during the respites. What more can anyone ask for a Sunday afternoon of diversion! I won't make any predictions as to the possible winner in the league, because "crystal-gazing" is gradually becoming "passe". Woe is me! And I had hoped so ardently to root for my favorite team and excite your sympathy toward my secret ambition, and now they would call me a 'rank outsider', if I intended to capitalize on my mediumistic adventure. Some boys who play nice basketball: Zukauskas brothers, Budrick, Petrolaitis, Vaznonis, Zalėnas and Juozaitis.

P. S. Don't forget the district dance at Cicero, November the Fourth. So pack your troubles in dreams, and dream your troubles away ala Ben Bernie.
